Turnpike Authority seeks feedback on towing services

If your vehicle recently broke down on the New Jersey Turnpike or the Garden State Parkway, please take a few minutes to fill out a brief survey about the level of service provided by the contracted towing company that was sent to assist you.

Your participation will provide the Turnpike Authority with valuable information that will be used to improve roadway services.

The survey is available on the [Roadside Services](#) page of the Turnpike Authority website. If you are not able to access the survey by clicking the link above, you can also provide comments by calling 732-679-7478.
